**Apology for the discontinuation of the performance of
“Japan-Korea Dance Exchange Project *Dance Connection*”**

During the performance of “Japan-Korea Dance Exchange Project *Dance Connection*”, that took place on Saturday February 16th at ZOU-NO-HANA TERRACE (Organizer: Yokohama Red Brick Warehouse No.1, Choreographers and dancers: Hwang Soo-hyun and Suzuki Yuriko), a malfunction of fire detective facility in the building occurred, and we were under the circumstances to unavoidably discontinue the performance. The organizer and dancers made the decision not to continue further and to end the performance through discussion.

In this letter, we offer our deepest and most sincere apology to the audience as well as those who were involved in this project.
